Objective

I am passionate in cyber security and ethical Hacking. I have knowledge in Linux OS(Kali Linux) and Tools like Nmap, Burpsuite, OWASP-ZAP, NESSUS, Metasploit, etc. And I also have a knowledge in programming and scripting.

Education

- **K. Ramakrishnan college of engineering**
BE - computer science and engineering
79% start - 22/08/2017 end - 15/05/2021
- **St. Andrews matriculation higher secondary school**
12th
83% start - 09/06/2016 end - 22/03/2017
- **St. Andrews matriculation higher secondary school**
10th
93% start - 16/06/2014 end - 06/04/2015

Skills

- Network analysis
- Web penetration testing
- Web front-end design
- Programming - python,c,java
- Bug bounty

Security Tools

- **Operating system**
Kali Linux
- **Exploiting Tool**
Metasploit, BeEF.
- **Network Scanners**
Nmap, Nessus
- **Web Application Vulnerability**
Wpscan, Nessus, Nikto, Burpsuit, OWASP-ZAP, SQLMap
- **IP Packet Analysis**
Wireshark, Ettercap, Bettercap-v2
- **Wireless penetration testing**
airmon-ng, wireshark, wifite

Achievements & Awards

- ICSI (Certified network security specialist).
- Fortinet (NSE level 1)

- Google - Fundamentals of Digital marketing and Analyst
- CISCO (Introduction to Cybersecurity)
- TCS ION
- C, python, Java certificate from college

Internship

- **ANZ**
Cybersecurity program

Projects

- **Cyber Reconnaissance**
Information gathering on target which is used for exploitation. Our tool will gather information of victims using OSINT framework.

Personal Details

- **Father's Name**
Sethuraman R
- **Nationality**
Indian
- **Birthday**
22/12/1999
- **Gender**
Male

Language

- Tamil
 - English
